This can be done with a pair of hoof trimmers. Only a small amount of horn should be removed to prevent bleeding. For the safety of the exhibitors, sharp horns will not be allowed. The debudding of market goats is encouraged, but not required.
2. Meat goats may be shown with a collar or a show halter.
3. All meat goats must have official scrapie ID. Per USDA regulations, a registration tattoo will suffice if the goat is accompanied by its registration paper or a completed application for registry. Wet ink will be disqualified.
4. Market goats must be born on January 1, 2024 or after.
5. Market goats should have 3/8" of hair or less.
6. Any meat goat without proper registration papers will be moved to commercial class.
7. There will be 3 classes: Fullblood 94% and above with papers, Percentage 50% - 93% with papers and commercial no papers.
